# How to Use this Policy

Please read this **Policy** Wording with **Your Policy** Schedule in order to make sure that **You** are satisfied with **Your** insurance. If **You** have any questions please contact GoldPark.

## Why some words are shown in bold type

Certain words and phrases printed in **bold type** have defined meanings throughout this **Policy**. **You** can find the meanings of these defined terms in the Definitions section on page 8.

## Cover details

**You** will find the following headings on many pages:

What is covered	What is not covered
These sections give detailed information on the insurance provided and must be read with ' <b>What is not covered</b> ' at all times.	These sections draw <b>Your</b> attention to what is not included in <b>Your Policy</b> .

## To help you further...

**We** have included some explanatory notes in **Your Policy**. These are printed in gold.

**Our** GoldPark Caravan **Holiday Home** and Lodge Insurance **Policy** is designed to protect **You** against the risk of things happening suddenly which **You** could not have expected such as fire, theft, **Flood** and **Storm**. It is not designed to protect **You** against losses that arise due to the gradual deterioration or poor maintenance of **Your Holiday Home**.

**We** want to ensure that **You** are fully aware of the extent of **Your** cover and would therefore urge **You** to read this **Policy** in full, along with the **Policy** Schedule. **We** have also taken this opportunity to bring some helpful information to **Your** attention.

This section does not form part of **Your Policy** and contains only examples of what is contained in **Your** wording.

## Collision

If someone crashes into **Your** fence or **Your Holiday Home**, make sure **You** record their name, address, vehicle registration and contact details. **We** will need this information to help **Us** try to recover **Your Excess**.

## Escape of water

**Your** cover for escape of water is designed to cover damage to **Your** property caused by water leaks. One of the biggest risks of water damage occurs when **You** are away during the winter when pipes can freeze and burst, causing large amounts of damage.

If the **Structure** is **Unoccupied** for 72 consecutive hours or more between 1st November and 15th March inclusive, **You** must ensure that either:

- a. The water is turned off at the mains and the water and heating system is drained with all taps left open, sinks and plug holes left unobstructed; or
- b. For any time that the park on which the **Holiday Home** is sited remains open prior to the **Structure** being fully drained down, water has been turned off at the mains stopcock and all taps left open, sinks and plug holes left unobstructed; or
- c. The **Holiday Home** has been professionally fitted with a central heating system containing antifreeze and which has been maintained in accordance with the manufacturer's specifications; or
- d. The central heating system in the **Holiday Home** has been set in accordance with the manufacturer's recommendations to operate daily and overnight to avoid frost damage.

In addition, many claims occur due to water leaks caused when the seals around **Your** bath or shower have worn away.

Pipes often burst because they have worn out. If this happens, **We** will be able to pay for the damage the water causes but not to repair the pipe itself.

## Fires

A large percentage of fires start in the kitchen and are caused by faulty electrical appliances or unattended cooking pans and equipment – particularly chip pans. In addition candles, cigarettes, electric blankets and overloaded plug sockets cause a significant fire risk.

Please ensure **You** bear these risks in mind and take adequate precautions to protect everyone in **Your Holiday Home**.

Smoke alarms save many lives and significant damage every year. Please ensure that **You** have them fitted and check them regularly.

## Floods

If water has or is expected to enter(ed) **Your** property, **You** should secure **Your Holiday Home** and move **Your Valuables** and essentials to an elevated place. **You** should also turn off all the utilities like power, water and gas supplies at their main source and disconnect all electrical appliances if possible.

If **You** know that **Your Holiday Home** is in an area which is prone to flooding, there are additional steps **You** can take to protect it. **We** would recommend contacting **Your** local Environment Agency for further advice or call Floodline on 0345 988 1188.

## Storms

Properties are designed to withstand damage by all but the most extreme weather conditions. Normal weather conditions should not cause damage to a well maintained property and damage to poorly maintained holiday homes is not covered by this **Policy**. It is therefore important that **You** keep **Your** property in a good state of repair. Areas that **You** should focus on include blocked or broken gutters or down-pipes and loose or damaged roof tiles.

Some areas like flat roofs are difficult to inspect. So if **You** cannot check them yourself, **You** should employ a relevant expert to do this for **You**.

## Subsidence

Damage caused by **Subsidence** is the result of ground movement affecting the site on which **Your Holiday Home** sits.

The most common signs of this are visible cracks to the base. New properties and/or newly made-up ground will often move for reasons other than **Subsidence** and this natural **Settlement** is not covered.

**Subsidence** and other types of ground movement can be difficult and complex to repair. It is important that **You** tell **Us** as soon as possible if **You** think **Your Holiday Home** may be affected.

## Thefts

Many thefts are committed by so called 'opportunist' criminals. **Your** property is significantly more likely to be burgled if accessible entrances are not locked and secured.

Storage chests, garages and sheds are attractive to criminals as they are easier to break in to and often contain valuable items such as tools. Locking these is another important step to minimising the risk of a theft.

## Making sure your cover stays in place

**We** asked **You** a number of questions when **You** purchased **Your Policy** and it is important **You** tell **Us** if any of these things change.

These parts of **Your Policy** are called conditions. In other words, **Your** cover remaining intact may be conditional on **You** giving **Us** the right information at the start of **Your Policy** and then letting **Us** know if **Your** circumstances change.

Examples of changes **We** need to know about are:

- If **You** make any improvements or additions that change the value of **Your Structure** or **Contents**.
- If **You** think **You** need to make a claim.

## Checking for changes to your cover

If **You** have varied the basic terms of **Your Policy** with **Us**, this will be stated on **Your** Schedule.

In addition, **We** may apply **Endorsements** that can include things like a requirement to have a burglar alarm fitted, a certain type of lock on **Your** doors, a larger **Policy Excess** on a specific section, or an increased limit for one of **Your** valuable items.

Where **We** explain what a word means, that word will have the same meaning wherever it is used in the **Policy** or Schedule.

These words are highlighted by the use of **bold print** and start with a capital letter.

## Taking care of your property

**You** must take all reasonable precautions to avoid injury, loss or damage and take all reasonable steps to safeguard all the property insured from loss or damage.

**You** must maintain the **Structures** and **Contents** in good repair.

## Dual insurance

If any injury, loss, damage or liability is covered by any other insurance then **We** will not pay more than **Our** share.

## The value of your structures

**You** must notify **Us** as soon as possible if the full value of **Your Structures** exceeds the amount shown in **Your Policy** Schedule. If the amount shown on **Your** Schedule represents less than 100% of the full value of **Your Structures**, **We** will only be able to settle claims at the percentage **You** are insured for. For example, if the value of **Your Structures** shown on **Your** Schedule only represents 70% of the full value then **We** will not pay more than 70% of **Your** claims.

Full value means the cost of replacement as new where New for Old cover has been selected or the value after deduction for age and depreciation where Market Value cover has been selected. Please see **Your Policy** Schedule for confirmation of **Your** level of cover.

If the full value of **Your Structures** exceeds the amount shown in **Your** Schedule the cover under the **Policy** will no longer meet **Your** needs.

## The value of your contents

**You** must notify **Us** as soon as possible when the full value of **Your Contents** exceeds the amount shown in **Your Policy** Schedule. If the amount shown on **Your** Schedule represents less than 100% of the full value of **Your Contents**, **We** will only be able to settle claims at the percentage **You** are insured for. Full value means the cost of replacement as new where New for Old cover has been selected or the value after deduction for age and depreciation where Market Value cover has been selected. Please see **Your Policy** Schedule for confirmation of **Your** level of cover.

If the full value of **Your Contents** exceeds the amount shown in **Your** Schedule the cover under the **Policy** will no longer meet **Your** needs.

## Updating sums insured

Although this **Policy** does not specifically provide for increases to take account of inflation, the level of cover selected will be reviewed periodically and **You** will be advised when general increases take place.

However, the value of **Your Structure** or **Your Contents** may be growing faster, perhaps because of acquired items or improvements to the property.

**You** should ensure that **You** have sufficient cover and if in doubt, **You** should contact GoldPark for assistance.

## Changes in your circumstances

**You** must tell **Us** as soon as possible if **Your** circumstances change or if any of the information shown in **Your** proposal form, statement of fact or Schedule changes during the **Period of Insurance**.

Examples of changes **We** must be made aware of are:

- Change of address.
- Structural alteration to **Your Holiday Home**.

**We** will then tell **You** if there will be any change to **Your** insurance premium or any change in the terms of **Your Policy**.

If **You** are in any doubt please contact GoldPark.

- any sanctions, prohibitions or restrictions under United Nations resolutions; or
- the trade or economic sanctions, laws or regulations of the European Union, United Kingdom or United States of America.

If the full value of **Your Structures** or **Contents** exceeds the amount shown in **Your** Schedule, the cover under the **Policy** will no longer meet **Your** needs.
